

BLACK HAT CTF

by DSAC Club

KEY POINTS :

1. You can use your own laptop.
2. You can use the internet.

RULES :

1. All challenges can be solved manually so no brute forcing is needed in any of the challenge. So don't waste your time.
2. Think out of the box.

FLAG FORMAT :

DSAC{*some random string*}

- depending on the challenge the random string can be anything.

CHECKLIST :

You can use this checklist as a reference -
